## JPEG to DOC conversion (Picasso Web Solutions)

In this project we have done a huge amount of work to convert JPEG to DOC.

## Web Scrapping

We have completed this project by extracting information about different products from some given website. And maintained an excel sheet using this information.

## Post products on e-bay site

1000 products on e-bay were edited in this project. Already uploaded products were edited in this task regarding price and some description.

## Extract Emails from LinkedIn

We have done that project by Extract Emails from LinkedIn based on Position and Country. Final Excel sheet included:

- Name
- Position/Company
- Address
- Phone
- Email (Very Important)
- Business sector

## Save Data from Google form to Google Spreadsheet

We completed this project using

- Google Spreadsheet
- Sending an HTML email automatically

Automatic Ticket sending that fills a Google form.

YOU THINK, WE DEVELOP

[www.developershub.pk](http://www.developershub.pk)

We have done different kind of writing projects. Including:

- Article Writing
- Research Writing

Given below are some details of our work:

### Write an Article:

We wrote an article for our customer's personal Blog.

### Research Writing:

We have done research writing on IP based Laptop tracking system for master's thesis.
